a. Update, status, and possible action on ARPA Funds

Griffin provided the condensed ARPA report that listed only projects with unspent appropriations. These were categorized by Department with a notation as to status of each line item. Most departments have been given a June 30, 2024 deadline to spend remaining funds or have them withdrawn by the ARPA Committee.

Update on Tractor with arm is that it is finally available and Public Works will take delivery of it very soon.

Dog Pound replacement money was discussed. There is some urgency with figuring out a way to not lose this ARPA funding if nothing can be decided on as to how best to use it. With respect to new Animal Shelter, there is still hope of receiving a grant to supplement the ARPA funds. It is also possible that this will be brought to a referendum vote.

6. Remarks from the public (3-minute limit) none
7. Remarks from Councilors - none
8. Meeting Adjourned at 5:55 PM
