Dear Ms. Bartlett:

Subject: Daniels & Sons Construction, LLC  
1492 Hartford New London Turnpike / Route 85  
Town of Montville

The Department of Transportation (Department) has reviewed your latest plans for the above-noted subject received May 13, 2024, entitled, "Daniels & Sons Construction, LLC" dated April 2024, and last revised April 26, 2024. Your submittal/application to work within the State right of way or perform work that may affect State property is denied based on the following comments:

1. Proof of Town approval must be submitted prior to the issuance of an encroachment permit.
2. Provide a sightline demonstration plan for the proposed drive to Route 85. The 85<sup>th</sup> % speeds in this area are 50 MPH.
3. Provide truck turning path template for drive to Route 85 showing trucks can make turns out of the drive without encroaching over the centerline of Route 85.
4. Revise plans to show the existing drives will be removed, curbed, loamed, and seeded.
5. A Drainage Connection Concurrence (D.C.C.) will be required. Upon receipt of a completed application, the required D.C.C. will be written, site specific, and attached to the approved permit. The permit and the D.C.C. must be signed and a copy of each must be recorded in the town land records. Proof of the recordings (3 copies) showing volume and page number must be submitted to this office prior to the start of any work within the right of way.
6. The description of sheet 5 on the title sheet is incorrect.

When you resubmit, please provide two sets of plans, 40 scale or larger, reflecting the above-noted comments. Please note that any resubmission may generate additional comments and concerns and in no way guarantees the issuance of an encroachment permit. An encroachment permit must be obtained prior to performing any work within or affecting the highway right of way. **If you have any questions in regard to this matter, please contact Mr. Gary Brigham of this office at (860) 823-3114, or by email at Gary.Brigham@ct.gov.**

Sincerely,
