Section(s) of the Zoning Regulations to be amended 4.11.5.2

Text of Proposed Amendment (attach additional sheets if necessary)

Buildings shall be so grouped that each facade shall face its full dimension upon a street, unless the subject parcel or parcels included in the development are collectively located within the R-20-M zone and the Route 32 Overlay Zone.

State the reason for requesting the change \_\_\_\_\_

The parcel we are proposing to develop does not lend to facing the facade toward the street due to a strong cross slope and the deep and narrow shape of the lot.

I hereby certify that the information contained in this Application is true and correct to the best of my knowledge.
