Meredith,

As I mentioned to you, I met with Deputy Chief McDonald from Mohegan Tribal Fire Dept. I have granted the exception for the driveway/walkway. The Connecticut State Fire Safety Code section 503.2.2 grants the AHJ the authority to modify the width requirements. They were also notified that the required means of egress from the building will require a solid pathway with illumination.

Anything else, please reach out.

**Subject:** 25 Church Lane

Good morning Paul,

As a follow up to our conversation yesterday regarding the above project, please provide written comments. Our department needs to forward all comments to the applicant's attorney of record. They are also a requirement for the site plan application file.

Thank you.

Regards,
