Hi Meredith,

Thank you. When I spoke with Jack McCartney from CLA he told me only 1.55' of fill was the only change to the plan. It is hard to decipher the plans when they are only provided digitally to our office.

With the weepholes proposed on the retaining wall, a cross section will need to be provided on the plan showing existing grade/proposed grade. Is the wall backfilled with free draining material?

Thank you,
Alyssa

Alyssa,

Please see the second bullet on Dave McKay's Site Plan Review letter.

Thank you,
Meredith
