RESIDENTIAL ZONE - Those residential districts as defined and set forth in the Montville Zoning Regulations and all uses associated therewith either permitted as a right or as a special use.

SOUND - A transmission of energy through solid, liquid or gaseous media in the form of vibrations which constitute alterations in pressure or position of the particles in the medium and which, in air, evoke physiological sensations including but not limited to an auditory response when impinging on the ear.

SOUND LEVEL METER - An instrument used to take sound-level measurements, and which should conform, as a minimum, to the operational specifications of the American National Standards Institute for Sound Level Meters S1.4 - 1971. (Type S2A)

SOUND PRESSURE LEVEL - Twenty (20) times the logarithm to the base 10 of the ratio of the pressure of a sound to the reference pressure of twenty (20) micronewtons per square meter and is expressed in decibels (dB).

**III. NOISE LEVELS:** No person shall cause or allow the emission of excessive noise beyond the boundaries of his/her premises in excess of the following Noise Levels:

**Maximum Continuous Noise Levels (measured in dBA)**

<b><u>Emitter Zone</u></b>	<b><u>Receptor Zone</u></b>		
	<b>Industrial</b>	<b>Commercial</b>	<b>Residential (day/night)</b>
<b>Industrial</b>	<b>70</b>	<b>66</b>	<b>61/51</b>
<b>Commercial</b>	<b>62</b>	<b>62</b>	<b>55/45</b>
<b>Residential</b>	<b>62</b>	<b>55</b>	<b>55/45</b>

Measurements shall be taken at a point on the property line of the emitter closest to the receptor and/or at the property line at any neighboring property (that may or may not be contiguous) with a more restrictive decibel allowance. In cases where the emitter is located on jointly owned property, such as industrial parks and condominiums, the noise measuring equipment (i.e. microphone) shall be placed at a fifty feet (50') distance from the noise source. The microphone shall be placed no closer than five feet from any wall and not less than three feet above ground that is located about one foot (1') beyond the boundary of the emitter's premises within the receptors premises. The emitter's premises include his/her individual unit of land or group of contiguous parcels under same ownership as indicated by public land records.

- A. No person shall cause or allow the emission of impulse noise in excess of one hundred (100) dBA peak sound pressure level at any time to any zone.
- B. No person shall cause or allow the emission of impulse noise in excess of one hundred (100) dBA peak sound pressure level at any time to any zone.

- C. In those individual cases where the background noise levels caused by sources not subject to this ordinance exceed the standards contained herein, a source shall be considered to cause excessive noise if the noise emitted by such source exceeds the background noise level by 5 dBA, provided that no source subject to the provisions of the Noise Levels section (Page 3), shall emit noise in excess of 80 dBA at any time, and provided that this section does not decrease the permissible levels of the other sections of this ordinance.

**IV. EXCLUSIONS:** These levels shall not apply to noise emitted by or related to:

- A. Natural phenomena
- B. Any bell or chime from any building clock, school or church.
- C. Any siren, whistle or bell lawfully used by emergency vehicles or any other alarm system used in an emergency situation; provided however, that burglar alarms not terminating in thirty minutes after being activated shall be unlawful.
- D. Warning devices required by the Occupational Safety and Health Administration or other state or federal safety regulations.
- E. Farming equipment or farming activity.
- F. Train horns and signals.

**V. EXEMPTIONS:** The following shall be exempt from these regulations subject to special conditions as spelled out:

- A. Noise generated by any construction equipment which is operated during daytime hours. Noise generated by construction equipment during nighttime hours shall not exceed the maximum noise levels as specified on Sec. III.
- B. Noise created as a result of or relating to an emergency.
- C. Noise from domestic power equipment such as but not limited to power saws, sanders, grinders, lawn and garden tools or similar devices operated during daytime hours.
- D. Noise from snow removal equipment.
- E. Noise from demolition work conducted during daytime hours. When considered emergency work, demolition shall be exempted at all times from the noise levels set in this regulation.
- F. Noise created by any aircraft flight operations which are specifically permitted by the Federal Aviation Administration.
- G. Noise created by any recreational activities which are permitted by law and for which a license or permit has been granted by the town or State of Connecticut, including but not limited to parades, sporting events, concerts and firework displays.
- H. Noise created by blasting other than that conducted in connection with construction activities shall be exempted, provided that the blasting is conducted between 8:00 a.m. and 5:00 p.m. local time at specified hours previously announced to the local public or provided that a permit for such blasting is obtained from local authorities.
- I. Noise generated by the police and other established shooting facilities as permitted by Connecticut Firearms Laws Sec. 22a-74a.

## **VI. MOTOR VEHICLE NOISE:**

- A. All motor vehicles as defined in Section 14-1 of Chapter 246 of the Connecticut General Statutes, operated within the limits of the Town of Montville shall be subject to the noise standards and decibel levels set forth in the regulations authorized in Section 14-80a of the Connecticut General Statutes.
- B. No sound-amplifying devices on or within motor vehicles shall emit noise in excess of the noise levels as specified in the Noise Levels Section III.
- C. No person shall operate or cause to be operated any Recreational Motorized Vehicle off a public right-of-way in such a manner that the sound level emitted therefrom exceeds the limits set forth in Section III, Noise Levels.

## **VII. ENFORCEMENT AND PENALTIES FOR OFFENSES**

- A. The Montville Police Department (the "Police Department") shall be responsible for investigating and documenting, through acoustic measurements, violations of this ordinance.
- B. Any person or entity violating any provision of this ordinance shall be fined ninety (\$90.00) dollars and each additional violation shall constitute a separate offense. Any certified law enforcement agent with jurisdiction in the Town of Montville is hereby authorized to issue infraction ticket(s) pursuant to Connecticut General Statutes § 51-164p(a), § 51-164m and §51-164n.
- C. The provisions of this ordinance are in addition to, and not in lieu of, any other remedies available to the Town of Montville under the Connecticut General Statutes and other sections of the Town Charter. The issuance of infraction tickets under this ordinance shall not preclude the exercise of such other remedies. In addition, the Town of Montville may seek injunctive relief for continued or repeated violations.

## **VIII. VARIANCES**

- A. Any person living or doing business in Montville may apply to the Town's Council for a variance from one (1) or more of the provisions of the ordinance which are more stringent than the Connecticut Department of Energy and Environmental Protection regulations for the control of noise, provided that the applicant supplied all of the following information to the Town Council at least twenty (20) days prior to the start of said activity.
  - 1. The location and nature of the activity.
  - 2. The time period and hours of operation of said activity.
  - 3. The nature and intensity of the noise that will be generated.
  - 4. Any other information required by the Town Council.

- B. No variance from these regulations shall be allowed unless it has been demonstrated that:
1. The proposed activity will not violate any provisions of the Connecticut Department of Energy and Environmental Protection regulations,
  2. The noise levels generated by the proposed activity will not constitute a danger to the public health.
  3. Compliance with the regulations constitutes an unreasonable hardship on the applicant.
- C. The application for variance shall be reviewed and either approved or rejected at least five (5) days prior to the proposed start of said activity. The approval or rejection shall be in writing and shall state the condition(s) of approval, if any, or the reason(s) for rejection.
- D. Failure to rule on the application in the designated time shall constitute approval of the variance.

## **IX. SEVERABILITY**

- A. If any term or provision, or any portion thereof, of this Ordinance, or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Ordinance, or the application of such term or provision to persons or circumstances, other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Ordinance shall be valid and be enforced to the fullest extent permitted by law. Should a court of competent jurisdiction find any provision or part of a provision unenforceable as written the court may reform such provision or part of a provision to render it enforceable consistent with the general intent of the remaining portion of such provision and/or this Ordinance.

This ordinance shall become effective thirty (30) days from the date of its adoption.

Dated at Montville Connecticut this 15th day of September, 2020.

Katie Sandberg, Montville Town Clerk
